

# South Edinburgh District Seniors League

## League Rules

1. For the purpose of this league, "Seniors" are considered to be retired or semi-retired club members of 55 years or over.
  2. Teams are to consist of 12 players (6 couples) graded from first couple with lowest handicaps to last couple with highest handicaps.
  3. Matches are to be played as fourball, best ball, off full handicap difference.
  4. Games to be played off normal (not medal) tees as directed by home club.
  5. Games to be arranged between April and September (inclusive) to suit home club's fixture list and bookings and at a suitable starting time (preferably 0830 to 0930).
  6. Fixtures to consist of one game against each club annually, home and away on alternate years.
  7. On receipt of outline fixture list, home clubs will liase with their opponents in fixing precise dates and times for their matches. They will be expected to notify the league secretary as soon as all their games have been arranged and before the end of 1994 so that fixture lists can be finalised.
  8. Home clubs to be responsible for returning results to the league secretary after each game. Secretary will advise clubs monthly of league positions and relay results to local press.
  9. Home clubs to provide soup and sandwiches (or equivalent) to teams after games.
- N.B.** During 1995, Glencorse will provide the league secretary and general administration and this will rotate annually to other member clubs in future seasons. It must be stressed that this league is intended to foster social golf and it is hoped that clubs will give as many seniors as possible the chance to take part during the season.

**October 1994**
